

## Digital Privacy Policy

Your digital privacy is important to us. This Digital Privacy policy works with our posted Privacy Policy and explains how we collect, share, use, and protect information when you visit this website or use our online banking services.

When you visit our website or use our online banking services, we may collect personally identifying information, including your name, email address, mailing address, telephone number(s), account numbers, limited location information (such as a zip code to help you find a nearby branch), username and password. We may also collect payment card information, social security numbers, drivers license numbers (or comparable) when you provide such information while using our online services and where it is reasonably required for ordinary business purposes.

In addition to the personal information described above, we may collect certain information about your use of our website and online banking services. For example, we may capture the IP address of the device you use to connect to our website or online banking services, the type of operating system and browser you use, and information about the site you came from, the parts of the website or online services you access, and the site you visit next. We, or our third-party service providers may also use cookies, web beacons, or other technologies to collect and store other information about your visit to, or use of, our website and online services. In addition, we may later associate the usage and other information we collect online with personal information from you. This information is used for fraud prevention, maintaining continuity during an online session, monitoring advertising and marketing campaign performance, or to compile information about your browsing patterns and activity.

When you visit any website, it may store or retrieve information on your browser, mostly in the form of cookies, to collect information regarding your online activities. This information does not usually identify a user, but it can give you a more personalized web experience. Some cookies are necessary for our website to function and cannot be turned off. Other types of cookies include analytic cookies and online advertising cookies. Cookies are usually activated by you, particularly when you visit a website or request an online service. You can set your browser to block or alert cookies, but this may impair the websites functionality.

For your convenience, we also offer you the ability to access some of our products and services through mobile applications. When you interact with us through a mobile device, we may collect information, such as unique device identifiers for your mobile device, your screen resolution and other device settings, information about your location, and analytical information about how you use your mobile device. We may ask your permission before collecting certain information, such as a precise geo-location.

As described in our posted Privacy Policy, we use this information for everyday business purposes, such as to process your transactions, maintain your accounts, respond to court orders and legal investigations, or report to credit bureaus. All financial companies need to share non-public personal information to run their everyday business. We may also use this information to market our banking products and services to you and for joint marketing with other companies, subject to contractual relationships with these companies and where these companies agree to comply with our privacy standards. Under the privacy regulations, you do not have the ability to opt-out of these activities.

As a reminder, Artisans' Bank does not share your information outside of these allowable uses. Artisans' Bank is a stand-alone entity and maintains no affiliates, subsidiaries, or a parent company. Our website does contain links to third party websites. These are provided for your convenience. If you visit these websites, you will be alerted that you will be leaving our website, and if you choose to proceed, you will be subject to that website's privacy and security practices. Also as further described in our posted Privacy Policy, to protect your digital information from unauthorized access and use, we use security measures that comply with federal law. These measures include computer safeguards and secured files and buildings.

If you have questions after reviewing this policy, please do not hesitate to Contact Us or call us at 302-658-6881.
